RE: Price adjustment

Beginning with the November 21, 2009 billing cycle, Comcast is notifying customers of certain changes to take effect on January 1, 2010 via a message on their monthly statements. The message reads as follows:

“Effective January 1, 2010, or with your next billing statement, the monthly price for the following services will change: Limited Basic Service from \$12.80 to \$12.45 and Expanded Service from \$49.55 to \$49.90, excluding applicable taxes and fees. Please note that if you subscribe to Standard Cable your total monthly bill will not change.

In addition, effective January 1, 2010, the Late Charge Fee will increase from \$6.95 to \$7.95, excluding applicable taxes and fees.

Effective January 1, 2010, Digital Classic Channels and Digital Additional Outlet Service will no longer be available for subscription to subscribers with a CableCard.”

The above late charge price change also applies to Business Class customers, who will be similarly notified.

Should you have any questions on this or another Comcast matter, please do not hesitate to contact Charles L. Smith, Director of Government Affairs, at 908.258.8143 or me at 908.851.6854.
