Ladies and Gentlemen:

It has come to my attention that the volunteer EMS agencies in Mt. Olive are in jeopardy. While I do not know the entire facts of the situation, I'm urging you not to make any quick decisions without first discussing it with the leadership of the squad(s). Perhaps you could partner with the organizations to increase membership or fund raising activities.

The members of volunteer organizations are your neighbors - people who leave the comforts of their home at a second's notice to respond to the call of help from a complete stranger - regardless of weather conditions or time of day. Remember this - "Volunteers are not paid - not because they are worthless, but because they are priceless!"

On behalf of the Morristown Ambulance Squad, I ask you to reconsider any decision you may have already made and to discuss any future decisions with the leadership of the organization(s).

If you have any questions, please do not hesitate to contact me.

Thank you for your time.
