Mr. William Sohl
Township of Mount Olive
204 Flanders-Drakestown Rd
Bud Lake, NJ 07828

Mr. Sohl,

I wish to extend the Township's sincere thanks for the recent aid your community provided in dealing with the house fire at 341 Berskhire Valley on October 30, 2008.

Over 19 towns responded or supported the effort. Such an undertaking could not have been accomplished without the support of the many volunteers. Your community's efforts should be held aloft for all to acknowledge and for other communities to emulate.

In times of such need it is reassuring to know that our neighbors are there to support us.

This incident reminded and fortified our belief that there is no better County in New Jersey in which to live. We can all be proud of our EMS, Police and fire services, which are some of the best in the United States.

In Gratitude,

Christopher Rath, Township Manager
