WHAT WILL BE COVERED AT THE WORKSHOPS?

Creating A Vision and Work Plan

You have a vision for your municipality and you want to see it realized. To be successful, your efforts need a sound strategy and a good plan that keeps the many moving parts on the same focused track.

In this workshop, we'll review ways to reinforce concrete goals and intangible results you want for your Sustainable Jersey efforts. Practical walkthrough tools will help you create or update a Strategic Plan in your own town!

Asset & Outreach Mapping

Asset & Outreach Mapping is an approach to organizational relationship management that ties connections to Identity, Promotion and Organizational Goals. Many leaders are good at making and maintaining powerful relationships, but few organizations understand the interconnected nature of those relationships for even more effective and meaningful encounters.

LAST OPPORTUNITY TO APPLY FOR A Workshop SCHOLARSHIPS **TO LEARN HOW TO BUILD A LOCAL BUSINESS NETWORK**

Sustainable Business Network of Greater Philadelphia

Monday, June 14, 2010: 8:30AM – 6PM

United Way of Southeastern Pennsylvania 1709 Benjamin Franklin Parkway Philadelphia, PA 19103

If you are a municipality that is registered with Sustainable Jersey™ and have demonstrated leadership around "Supporting Local Economies" programs, "Main Street" programs or Urban Enterprise Zones and/or want to learn from the experts how to transform your economy into community-centered, green, and fair places to live and work through a focus on green jobs, sustainable industries, investing locally, and buying local first, then apply for a scholarship now to attend for free! (Only 7 remaining).

At this workshop up to two Green Team/Municipal/Business members from you community will learn how local, independent businesses networks throughout North America are transforming their economies into community-centered, green, and fair places to live and work through a focus on green jobs, sustainable industries, investing locally, and buying local first.

The cost for the workshop is \$145 for one registration and \$99 for each additional team member. **However, Sustainable Jersey™ will be providing scholarships for two representatives from each community selected for the scholarships.**
