Riparian Buffer Work - Watering

North Jersey RC&D needs a few good volunteers to assist in the watering of trees and shrubs recently planted as part of the riparian buffer planting effort at Walnut Brook. Due to the extreme heat conditions, the plants need your help. Please let us know if you are able to join us this Thursday, July 12th from 9:00 AM - 3 PM. Any help during that time is greatly appreciated, please come when you can and stay as long as you are able. Volunteers will be helping to transport water by bucket from a mobile watering unit as well as mulching recently planted trees and shrubs. Please remember to wear gloves, sturdy shoes and to bring sunscreen and water. Buckets will be available, but extra would be welcome if you have your own. Come join the fun and get to know the Walnut Brook!

Thank you!
