Township Clerk  
Township of Mount Olive  
Route 46  
Budd Lake, NJ 07828

Dear Sir or Madam:

The contents of this letter should be brought to the attention of the governing body for its consideration.

The New Jersey Board of Public Utilities has extended a regulation requiring all electric and gas public utilities to notify annually all municipalities located within their service areas that, upon request, any municipality and/or any enforcing agency enforcing the Uniform Fire Code (N.J.A.C. 5:18) within the municipality may receive a daily list of residential customers of record on premises located within the municipality at which gas or electric service was disconnected involuntarily on the preceding day.

Such a daily list of disconnected residential customers will be furnished by New Jersey Natural Gas Company, if you so request it. Municipal requests can be made in writing and sent to the address listed below. Municipalities currently subscribing to the service should also request renewals. We suggest that you discuss the legal ramifications of making such a request with your municipal solicitor. Should you have any questions, please direct them to the undersigned.

Very truly yours,

A handwritten signature in cursive script that reads 'Suzanne Bostwick'.
