Budd Lake, NJ 07828

Attn: Council, Mayor, and Administrator

Dear Council, Mayor, and Administrator:

On Tuesday, May 20, 2008, Budd Lake First Aid & Rescue Squad attended a council meeting to which we were to be presented with a non consent resolution to honor the Volunteers for EMS Week. After being there for two hours, we were overlooked. I brought my volunteers up to this meeting to see that our township officials do appreciate us. Unfortunately, that was not displayed last night. Last night would have been a perfect opportunity for Mount Olive to do something positive for the volunteers in this community. My members left there feeling that this was a waste of their time from their families, and I agree.

I would hope that in the future, if you are planning to do something to recognize the EMS Volunteers you would show us the same respect that you show other organizations of this township. Our organization gives so much to our community with little or no respect from the Township Officials. Fortunately, that is not what keeps our volunteers serving your community. My volunteers have a strong sense of giving to Mt. Olive Township and I will make sure that they know they are appreciated.

Respectfully submitted,

Phyllis Gentile
President
