Your voice has been heard!

ANJEC friends,

Your actions have made restoring NJ natural resources a reality
ANJEC is pleased to announce bipartisan passage of SCR39/ACR127, a resolution asking voters to require pollution restoration funds be spent as intended and not diverted for other, unrelated purposes.

A resolution is placed on the ballot if it passes both houses of the Legislature by a simple majority two years in a row, or by three-fifths votes in one year, as it did yesterday. With the legislative votes of 28 affirmative votes in the Senate and 56 in the Assembly, voters will see this important question on the ballot in 2017.

Thanks for all that you do.

Best Regards,

Jennifer M. Coffey
Executive Director, ANJEC
