ADMINISTRATIVE REPORTS

President Nicastro: Administrative Reports. Do we have anything, Mayor and Bob or Claudia?
Mayor Greenbaum: I don’t know what Bob is going to talk about, but I have a couple of things. I have; Friday, June 30, 2017, this Friday 9:00 am to 11:00 am is the Sam’s Club event honoring the Hometown Hero’s. The pre-sale wrist bands are available for the carnival still. I would be remiss if I didn’t thank Catherine Natafalusy for her years of service to Mount Olive Township in many different roles in the Township including Assistant Business Administrator and Planning Director. She’s really done a great job for the Township over the years and I wish her the best in her retirement.

President Nicastro: Bob.

Mr. Casey: The only item I distributed just for information purposes is the design schedule for the new bridge going on Flanders-Drakestown Road, I was very surprised, pleasantly surprised to see that the State actually expanded the roadway and the bridge abutment et cetera, et cetera given the fact of its location and the Wetlands and everything else, it’s a real home run. It’s just very good that we’re finally going to be having a bridge down there that two cars can get through without playing chicken.

Mr. Roman: There goes my entertainment.

Mr. Stewart: And revenue source.

President Nicastro: Yes. Thank you. Do we have any Old Business? Mrs. Labow.

OLD BUSINESS

Mrs. Labow: I’m glad that Bob brought that up about the bridge, I was going to ask…I guess they were supposed to do it two years ago and it got put on the back burner, but what I wanted to make sure is, where is the traffic going to be redirected to? Is it going to go on Stephens Mill Road, Bob or…do you know?

Mr. Casey: I’ve not talked to Gene or the Chief.

Mayor Greenbaum: You have to come up.

Mrs. Labow: You have to come up. I’m glad you’re coming because my next comment was for you.

Mr. Quinn: Oh great. The detour is going to be coming up from Flanders. It’s going to be River Road all the way up to Drakestown Road out to Naughtright Road and then vice versa back down from Route 46.

Mrs. Labow: Oh, okay.

Mr. Quinn: It’s also going to go down Flanders-Drakestown Road. No traffic’s going to be allowed through the detour on Stephens Mill Road because of the size of the roadway.

Mrs. Labow: Yes, because remember two years ago they were talking about that and we were like that road can’t handle that.

Mr. Quinn: Yes, if you go around, you’ll see that they’ve already got signs up that are covered up, but they are preparing to get started on July 31, 2017.

Mrs. Labow: Oh, okay great. Now my other comment, I forgot to mention it two weeks ago, great job on the recycling grant, $63,000.00.

Mr. Quinn: Yes, it went well.

Mrs. Labow: That was excellent. Thank you very much. I know you put a lot of work…

Mr. Quinn: That was Clean Communities.

Mrs. Labow: The Clean Communities, thank you.

Mr. Quinn: Clean Communities, yes.

Mrs. Labow: Yes, I know you put a lot of work into that and made sure we qualified.

Mr. Quinn: Serves us very well, we do a lot with it.
Mrs. Labow: We’re the second highest in the County, I think?

Mr. Quinn: We’re up there.

Mrs. Labow: Yes, we’re up there.

Mr. Quinn: I know Parsippany is a lot more than us.

Mrs. Labow: Parsippany got 100 and something thousand and we got the 63.

Mr. Quinn: The Clean Communities is basically done by road miles and I believe its population.

Mrs. Labow: Right.

Mr. Quinn: That’s what dictates the amount that we’re going to get.

Mrs. Labow: Then you…I think…don’t you use part of that for different activities…

Mr. Quinn: Yes, we do.

Mrs. Labow: …around Town.

Mr. Quinn: Absolutely, yes.

Mrs. Labow: Yes, if we weren’t doing that it might…

Mr. Quinn: The schools and other things, yes.

Mrs. Labow: Yes, so I just want to thank you very much, that was excellent work.

Mr. Quinn: Very good, thank you.

Mrs. Labow: Thank you.

President Nicastro: Thank you.

Mrs. Labow: I’m done.

NEW BUSINESS – none

LEGAL MATTERS - none

President Nicastro: Anyone else? Any other New Business? Any Legal Matters?

Mrs. Sullivan: Not this evening Mr. President.

COUNCIL REPORTS

Board of Education Liaison Report - none
Senior Citizen Liaison - none

President Nicastro: Council Reports. Mr. Ferrante, anything on Environmental, Lake or Library?

Environmental Committee - none
Lake Issues
Library Board Liaison

Mr. Ferrante: Yes. On June 12, 2017, at the lake, Aquatic Analysts had surveyed the lake on all of the shorelines. We continue to see scattered to patchy curly-leaf pondweed and milfoil. The lake was treated on June 20, 2017, so that’s good. For the Library, the Eagle Scout project, which is a gazebo, is near completion…

Mrs. Labow: Nice.
Mr. Ferrante: …and they’re also in the final stages, the planning stages of the butterfly garden. The Director is pleased with their new Head of Circulation and there’s an additional opening in the Children’s Department. That’s all.

President Nicastro: Very good. Thank you. Mrs. Labow, anything on Economic, TNR or Open Space?

Economic Development Committee Report - none
TNR Program - none
Open Space Committee Report - none
Mrs. Labow: Not right now.

President Nicastro: Mr. Mania, anything on Legislative or Planning?

Legislative Committee Report – none
Planning Board Report
Mr. Mania: Planning Board, I brought up the logo on the water tanks. Some of the Planning Board members seemed to think that it was just too small to put up there. In fact, one of the Planning Board members would like to see Mount Olive Marauders on there rather than our Township logo.

Mr. Roman: Is the Planning Board at least in favor of putting some kind of lettering on the water towers?

Mr. Mania: Something bigger than our logo, it would be considered.

President Nicastro: What would, say if the logo…

Mr. Roman: You could make the logo as big as you want.

President Nicastro: You could make the logo as big as you want. I don’t understand that one, but I understand what you’re saying, but...

Mr. Roman: I’m in favor of…

President Nicastro: …your picture, but we can’t do that.

Mr. Roman: …Home of the Marauders.

President Nicastro: I thought you meant your picture.

Mr. Mania: You want your picture on there, Alex?

Mr. Stewart: Holding up the sign “Home of the Marauders”.

Mr. Mania: Home of the Marauders with Alex Roman.

President Nicastro: At least they’re open to it, so there’s no issues with that.

Mr. Roman: Home of Alex Roman.

Board of Health Report
President Nicastro: No issues with that, okay. We got that. That’s good. Health Department. Board of Health meets July 19, 2017 here at 6:30 pm. Mr. Roman, anything on Recreation or Pride?

Recreation Liaison Report - none
Pride Committee Report - none
Mr. Roman: Nothing on Recreation. Pride meets tomorrow.

President Nicastro: Mr. Stewart, anything on MOTV or Community Action?

MOTV Committee Liaison - none
Community Action Panel Report - none
Mr. Stewart: Not until the summer’s over.
PUBLIC PORTION

President Nicastro: Yes, quiet times. Thank you. Now we’re open to the public. Does anyone wish…from the public wish to be heard? You could just go up there, state your name and address for the record please.

Mrs. Tice: Good evening. My name is Cheryl Tice, I am a resident of the Township. I’ve been a resident for over 30 years, almost 40. First time I’ve been to a Council Meeting, so this is an experience. I’m here tonight because I wanted to ask the Council and I don’t know if this is the proper venue, but I figured I’d start here. I’ve lived on Mount Olive Road for about 20 years then moved to Flanders-Drakestown Road which is where I am now, right down the street from you all here, I’m 128. If you know the street, you know when you drive down the hill and you come back up, I’m right on the straightaway. That is like a speedway and I’m sure those of you that drive it, know it. You know how fast cars are going…the speed limit…we’re in a school zone and around my street of course is Tinc Road and the school. There’re speed bumps on Tinc Road, there’re speed bumps in the school property. I haven’t quite figured out why we haven’t done anything yet to alleviate the drag strip because it truly is a drag strip. I’m concerned…fortunately, I guess or unfortunately what…depending on which way you look at it, we don’t have a lot of children around us. We’re all neighbors that have lived…I don’t have two-legged kids I have four-legged kids, people who know me know that. I’m still concerned about safety and I’m concerned about speed. I’d like to ask the Council or whoever would consider looking at doing something. I’m even offering to have a Police car sit in my driveway. We are 350 feet up, but again I’ve driven down my driveway and I don’t even back out anymore because it’s too dangerous. In the morning, the cars are coming up…I mean again, many of us have lived here a long time. I grew up in Randolph, I’ve seen the growth, but we need to contain the people driving. We’re going to have an accident at some point. I’m surprised it hasn’t happened yet. My neighbor George Ottavina is on my left side. He’s even in a worse situation because the blind spot as you come up the hill. I’m asking Council to consider some type of remedy, again I offer my…again driving around as much as I do I know there are areas where people know, you don’t drive fast. Either Cops are sitting there or its just…some remedy has been made. We really need to do something. It is a school zone, it says it on the road. The limit is what it is and people…I’ve seen cars drive down 50/60 MPH and it’s just ridiculous. I’m asking for some consideration and that’s my reason for being here this evening.

President Nicastro: Bob, is there…could we…or Mayor would know too, but we have the rotating signs, don’t we have the speed limit…those…what do you call it, the…

Mr. Roman: The radar signs?

President Nicastro: …the digital signs, the radar signs. Can they be moved around at all to that street? Maybe you can…the Police obviously can…

Mayor Greenbaum: Here’s what we’re going to do. I will speak to the Police Chief. Police Chief is obviously in charge of enforcement. Unfortunately, and I’m sure that you will agree with this, we have the same problem all over Town, almost on every road and we often have residents who come up and we’re able to give a short time fix to the problem. Generally, it is to have some additional enforcement education from the Police Department in a particular area. Obviously, I can’t keep a Police Officer there 24/7 or even 352 days a year…three hundred fifty-four…whatever it is.

Mrs. Labow: Three sixty-five…

Mayor Greenbaum: Three sixty-five.

Mrs. Labow: …and a quarter.

Mr. Mania: It was close.

President Nicastro: I thought he was…

Mayor Greenbaum: What I suggest you do is that you contact me tomorrow, before you leave I’ll give you my cell phone number. I will arrange to have the Police Chief contact you so you can speak to him directly. Let me know how that goes. We do have different things that we do in terms of these electronic speed signs which do work in terms of when you pass them, you slow down because you recognize…

Mrs. Tice: Right.
Mayor Greenbaum: …that you’re going well above the speed. Unfortunately, from my perspective speed humps are not the answer. They cause as many problems as they fix and believe me you wouldn’t want to be driving over them every day. They would be on every road in the Township if that was the answer, but they cause snow removal problems, they cause water run off problems, they cause car issues in terms of damage to cars. There are a number of different things that we can do, the unfortunate thing is that most of the people who are driving that fast are your neighbors.

Mrs. Tice: I know. I do know that. I agree with you. Absolutely.

Mayor Greenbaum: When we do these types of localized enforcement, it’s your neighbors who are getting pulled over and I recognize that people have to slow down. I’m willing to sit and talk with you, get the Police Chief involved so that you’re ultimately satisfied that the Town is taking a path which is consistent with your concerns.

Mrs. Tice: Okay.

Mayor Greenbaum: Okay. Actually, if you go speak to the woman in the yellow that you were sitting next to, she has my cell phone number. Give me a call tomorrow, in the morning preferably, and I will…we’ll hook up with the Police Chief and we’ll take care of your concerns.

Mrs. Tice: Okay.

Mayor Greenbaum: Okay.

Mrs. Tice: Thank you.

Mayor Greenbaum: Thank you.

President Nicastro: Thank you. Appreciate it.

Mrs. Labow: Thanks Cheryl. How’s Chris?

President Nicastro: Appreciate you coming down.

Mrs. Tice: He’s good. He couldn’t be here tonight, but he may come to another meeting.

Mrs. Labow: Okay.

Mrs. Tice: He’s got another issue. Thank you.

President Nicastro: Thank you.

Mrs. Labow: Tell him to come. See you later.

COUNCIL COMMENTS

President Nicastro: Anyone else from the public wish to be heard? Seeing none. Closed to the public. Any Council Comments? Mr. Ferrante?

Mr. Ferrante: Nope, nothing tonight.

President Nicastro: Mrs. Labow?

Mrs. Labow: Nothing, thank you.

President Nicastro: Mr. Mania?

Mr. Mania: I too wish Catherine Natafalusy the best.

Mrs. Labow: Yes.

Mr. Mania: As a member of the Planning Board for many years, I’ve worked with Catherine through the years. She’s going to be hard to replace.
President Nicastro: Mr. Stewart?

Mr. Stewart: I second the comments to Catherine.

President Nicastro: Mr. Roman?

Mr. Roman: I wish to congratulate Catherine on not having to work with Mr. Mania anymore.

Mr. Stewart: That’s called celebration.

President Nicastro: I do the same. Also, again I know we did before, but Sherry thank you again, what a great job with our finances.

Mrs. Labow: Yes, great job.

President Nicastro: We have no…what is it nine years?

Mrs. Kolody: Nine years, yes.

President Nicastro: Eight?

Mrs. Kolody: Nine.

President Nicastro: Nine years without having to go through an audit.

Mrs. Kolody: Nine years Joe, yes.

President Nicastro: Appreciate all that, the good records you keep and everything that we have. Good job.

Mrs. Kolody: Thank you. I appreciate it. Thank you.

President Nicastro: Do we have a motion to adjourn?

ADJOURNMENT - Motion made and seconded. All in favor, none opposed, the meeting was adjourned at 7:26 pm.
